

*„Kilgray Translation Technologies offers clean and innovative translation technology to enhance productivity and quality for **translators, service providers and enterprises.** We believe that translators, language service providers and translation end-users are equally important and that each group should get the best possible support.”*

LT innovations in the iEnterprise area

Single point of document search and information clustering

Update reminders / Multilingual update triggers

Growth-aware content management

Community content rating

KILGRAY
Translation Technologies

Barriers to innovation

Multilingual content management too complicated, no single source language in many companies

Permissions management reduces efficiency

Data consolidation hard, multiple systems and formats

Fear of relying on smaller vendors

No common set of APIs on content storage or LT side
