# EU regulations *can* be confusing

**E.g., in my words,**

Apart from **cost** for **management** of the project (as a whole)  
there is **other management cost** (namely WP **management**)  
which is neither "**management cost**"  
nor "**other cost**"  
but "RTD".

**BEWARE!**  
Some words have  
special meaning
